Hi guys,

I need the image below made. It consists of two pieces, which can be screwed together using 4 rather large threads. It does not have to be water or air tight. If you can print it for me, all the better. I live in San Diego, Ca. my email is indiesrule@yahoo.com if you wanted to contact directly. I need this by end of the week, if not sooner, please.

Beautiful!!

Please make sure the threads really work, ie I can turn one bowl to fasten to the other!!
