Hi Shapeways fans,

Get Stuck Cube is a puzzle with an unusual challenge: the goal is to get stuck! The puzzle has a set of sliding pieces, sliding on the surface of a Rubik's Cube. Six of the sliding pieces are double size. They act like a movable bandage. As a Rubik's Cube has six turning faces, it should be possible to block each turn and to get stuck.

Watch the YouTube video.

Buy the puzzle from my Shapeways Shop.

Enjoy!
