Hi,

here's some shots of my latest order. I am happy with the models (hurrah!) but what is amazing is that I placed the order on Monday at 6 pm and received the package today just after lunch. Less than 5 working days, amazing!

Like I said, well done.

Oh and just for completeness, the prints:

Thanks.

I was especially amazed since the original ship date was supposed to be 11th March.

Happy one.
My orders arive often after the tragat date.
But if I contacted the service they did what the can and it arived befor important events like Birthdays . So the Service is great!
