Hi Guy's,

My name is Mark Little, please see my details below. If you have a 3D print project please get in touch!

About me: I am a full time product designer getting married this year so working all hours!

Expertise: Fast and accurate CAD modelling for 3D printing

Experience: 6 years designing products

Portfolio: www.fusionweld.com

Rate: Â£25-35 an hour depending on complexity and timeframe for your model!

I also have a model of a Raspberry Pi case that I completed from scratch in 2 days which can be viewed here.
