Hey guys,

We are looking into new metals for you guys. These will likely be wax-printed then casted metals, though we're also looking into other printing options like DMLS.

I created a poll to get a sense of the most in-demand metals. Let us know what you'd like to see on Shapeways!

Also, let us know at what price point (say for this ring or these cufflinks) would you be willing to pay for your favorite materials?

Some of these materials may be in high demand, but currently priced too highly given the technology--so we want to make sure to work towards good choices for everybody at a good price point for everybody!

Thanks,
Nancy

New Metal Options(total votes: 62)

Aluminum 25/(40%)

Brass 13/(21%)

Bronze 5/(8%)

Gold 6/(10%)

Nickel 1/(2%)

Platinum 0/(0%)

Titanium 9/(15%)

Other (respond in forum thread) 3/(5%)
