Hi Guys,

You may have seen on the homepage that we are doing a promotion for ceramics this week. All ceramic colors and finishes are at least 20% off from today (August 7th) through August 14th.

The discount is automatically applied throughout the site, you don't need to enter a special code.

If you've wanted to try out a piece in ceramics, now is a great time!

A note for all shop owners: don't worry, your markups are NOT affected by this promotion, we are taking the discount off the base price.

Details in the blog post here:
