My name is Rob Elford. I am a 3D modeller and designer living and working in East London, and have recently become one of Freedom of Creations "Talents".

Here's a link to my website where I sell 3d prints: www.robelford.co.uk

My work has recently been featured in Fabaloo and 3d print plan and promoted by I.materialise, shapeways, and kraftwurx.

I am currently doing freelance work for clients and am happy to help with any projects from fashion items to sculptures.

I have experience designing models for polyamide, full colour sandstone, gold, silver, steel, and elasto-plastic.

Send me an email to discuss any projects you might want to create: rob@robelford.co.uk
