This is a mini unique statue of a character, called Weaver, that I dragged from the game DOTA 2, I converted, polished and resized it just for YOU!!!

If you do not know the game, read some informations about it below:

Dota 2 is an upcoming action fantasy strategy video game being developed by Valve Corporation. The stand-alone sequel to the popular Warcraft III: Reign of Chaos and The Frozen Throne mod Defense of the Ancients, it was formally announced on October 13, 2010 via the website of magazine Game Informer.[2] The game is currently under closed beta phase and is scheduled for a full release in 2012.[3] Dota 2 will be released through both retail and download by Valve's content delivery platform Steam, which the game has been developed to exclusively run on for both game launch and update delivery. Dota 2 will operate on Microsoft Windows and Mac OS X.

Here is how the hero looks inside the game (click for the video) :

Excellent modelling. What do you plan on printing it in? It won't work in coloured sandstone.

Why is this in the "it arrived section"?

I don't see a finished print.

Am I missing something?
