It's just me saying hi to everyone. I'm a simple man with an open and creative mind. I like the outdoors, sports, animals, a good challenge and a good laugh. I dislike phoney people, liars and thief's. Doe's anyone? Can't wait to see everything that's available at Shapeways. That's about it for now.

Bye Fellow Shapies,
MDBLITZ

I'm 49 yrs old, still in love with the woman I met 19 yrs ago, and live with for the last 18 yrs. I live near the center of California in the San Joaquin Valley. I own and operated a Concrete & Masonry Company prior to becoming disabled in 99.

When I was actively working, I would design and build anything a client would want out of concrete, block, stone and etc. Used to make my own brick and slump stone in my younger days.

Now days I keep busy doing oddball crafts that you wouldn't find in stores. I enjoy working with miniatures and display lights. I stumbled onto this site while looking for scale model planes.
