Just to let people know that I've founded a Chicago Shapeways Community (http://www.meetup.com/ShapewaysCommunity/Chicago/), and I'm looking for more shapies in this area to plan a meetup!
Cheers,
Larry Wheeler (tessman)

Hey Larry - I used to live in Chicago. I'm going to ping a couple of people who might be interested and point them to your meetup page.

I saw that this morning Larry, as well as one in Florida and 2 in Eruope added since I last looked, probably Tuesday?

P.S. if you need any tips or assistance, shoot me an email.

I'm in Chicago, will try to get to a meetup if my schedule allows it.

Also, Chicago people, check out this show which features my work and work by a number of other artists working with 3d printing:
