Hi Non-Twisty Puzzles fans,

Cold Fusion is a six-piece burr, but not a classic one. The pieces are helical and the puzzle is taken apart and put together by pushing the pieces in a helical motion. PuzzleMaster is now selling a limited-edition version of this puzzle (produced by Shapeways, fully dyed and assembled) for only \$29.99 (Canadian dollars).

Watch the YouTube video.

Buy the puzzle at PuzzleMaster.

Read more at the Non-Twisty Puzzles Forum.

Check out the photos below.

Enjoy!

Oskar
