Am new to 3D printing.
Would like to hire a 3D modeler to make 2D sketches into a 3D for printing.
Am going to do ring designs.

Thanks & cheers,
Rani

Hi Mctrivia,
Thanks for replying.
How much are your rates?
I can send you some sketches when I around to complete it.
How do I send them to you?

You can send files in private messages.

$10 minimum. Will quote if more.
+$50 if you need cad files.
