Hi All,
I've been a shapeways member for quite a while 2009/2010.
I've finally found time begin my shop. The current models are a collection of desktop sculptures.
I look forward to feedback and advice regarding my models and the shop.

Thanks in advance
Darren

Welcome, space brother.

Word to the wise: Shapeways' default images don't tend to move the product. Photos of real prints work best, but for better results you might render them out a little more sexy-like.

Thanks for the advice. I have ordered prints and am waiting for these to arrive.
As soon as I have these I'll be updating the product shots.

Regards
Darren
