Hi redspider,

welcome! Are you interested in learning how to model in 3D, or would you rather find someone to do the modeling for you?

Cheers,

Bart

That would be a dream come true to learn how to do it. I have been talking to one guy in england but he has not recived my mail.

I did download binder on my computer but its all Japanese to me lol

Try TinkerCad or Sketchup.. they are both rather simple to use and are a good place to get started.
