I have several designs -all nature inspired jewellery- that I would like to have modeled if the price is right. All of the designs are lockets for necklaces and would need to be fully functional with hinges, a clasp and jump ring loop for hanging. I would provide hand drawn front, back and perspective views. Please provide a link to previous work a rough estimate for 1 small locket or a per hour rate.

Hi I'd be happy to discuss your design and if you have number of design, once I've seen them I can give you a batch cost?

Please send drawings to [info@dotsan.com](mailto:info@dotsan.com).
