so i love the site i really do but the fact that us pays 8\$ and i have to pay 20\$ dosent seem fair to me,especially since most of my works dont even cost 20 . whats the logic behind this cant we negotiate a lower price?

The shipping is based on the cost for UPS shipping. The thing with shipping is if you order \$5 worth of product or \$5,000 worth the shipping remains the same. Alternate shipping is on the table for discussion. I'll also check in about US territories.
