Hi,

I've made a tabacco pipe with glazed ceramics. Some parts were too thin, so I've used stainless steel for the mouthpiece.

It's working fine, but I guess I won't sell it cause it needs to be mounted and smoking is a bad habit anyway!

Michael

Agreed the glazing has really complimented the design
Good job

I'm glad you like it. Thanks Steven, thanks Piers!
Cool, it's on the blog! Thank you Natalia!
