Hello,

I've been a Shapeways user for almost a year, but I'm new in the forum, so I will introduce myself. I'm from Spain and keen on all kind of prehistoric creatures. I always wanted to have my own figures, so this is the best place to have my 3d models physically, and make them available to everyone.

My 3d modeling tools are 3ds max and mudbox, and also meshlab for the hollowing process. I'm self-taught as 3d modeler and I want to learn the most about the modeling process for 3d printing.

Those are my last 3d dinosaurs, and I hope you like it

Greetings,

Manuel

Wonderful dinosaurs you have there! Welcome to the forums, if you have any questions, let us know. So far looks like you are doing good, but if you have any issues getting your dinosaurs shipped to your doorstep, let us know.
