Made a goldfish ornament that consists of five interlocked segments so it can wiggle.

The pictures don't really do it justice, so I made a video: <http://youtu.be/jnpO5MTfr8E>

Glad you folks like it. I've been thinking about making other animals with a similar idea. Any requests for what I should do first?

That is adorable! I would be interested in the goldfish as well. I vote for birds!
