Hi,

I'd like to model someones face, as realistically as possible, and as soon as possible.

I can send photos, sizes, etc and whatever else is required.

Please let me know if you are interested, with prices, and lead time. If this goes successfully, I have many potential orders as well.

Thanks,

Hi-

I work with a team of experienced 3d modellers who have experience with faces at affordable prices. Please find attached some examples.

To create a file we require 3 pictures: front and side ways (both sides). Based on pictures you provide me we can make an appropriate estimate as it will depend on the detail required (especially hair) and whether it just the face or shoulders, etc. but you are looking in range of EUR 80-140.

Look forward to hearing from you.

Cheers,

Uco

Hi,

I hope the job is still available. I'm a freelance character modeler with about 20 years of experience, you can see some of my work here: <http://www.toonafish.nl>

Please contact me If you'd like more information: ronald@toonafish.nl

Cheers,

- Ronald
