Hi Everyone,

When I am typing in tags, each tag is blank, ie as you are typing each tag. As you are typing the description it doesn't appear until you hit enter.

Is the colour set to white or something? It is impossible to see if I'm making a typo until each is done.

Attached is a screenshot.

Regards,
Janelle

I'm not having any problem seeing mine. What OS and browser are you using?

I have just check in Explorer and it works in explorer - but I don't like explorer much.

Kind Regards,
Janelle

I don't like explorer much either, I use Chrome currently. I'll send off to bugs.
