Hi Shapeways fans,

Cheese Block is a 14-segment version of the 3-layer 6-segment Cheese Cake puzzle and the 10-segment Prisminx Crystal by Gregoire Pfennig. The mechanism is a straightforward 3-shells mechanism, as explained by Jared McComb at the Twisty Puzzles Forum, augmented by top- and bottom-layer sliders.

Watch the YouTube video.

Buy the puzzle at my Shapeways Shop.

Check out the photo below. More photos here.

Enjoy!

Oskar

Whoa, I bet Matt our QA guy would like this - you should see all the puzzles on his desk!
