Greetings,

Being a new shapeways member i have a question.

I am interested in this item: <http://www.shapeways.com/model/546466/tribal-wolf-ring-size-12.html?li=productBox-search&materialId=23>

and i wanted to ask the designer wether that ring can be made in a US 10 size. I did ask him 8 days ago and he did not answer. Is there any possibility he has left his profile-meaning he doesn't sell products anymore, or he might just be on vacation and will answer later on.

Thanks in advance, and just to note Shapeways is a truly amazing place

Hi and Welcome to Shapeways!

You can use Shapeways new @mentions feature to contact the designer too. Go to the model page and leave a comment with @ infront of their username - ok, so they get another email and they might be on holiday given the time of year but at least there's another avenue

Thanks for answering! I will try so in the future should the need arise because the designer just answered! Thanks again anyway though!
