[color=purple]IDEAS TO REALITY BY DESIGN[/color]

3D Design and Rendering

2D Design

Modelling

Prototyping

Process Documentation (ISO level)

Project Management

Business Planning and Implementation

Hello my name is Barry I have been 3d modelling for 5 years, primarily utilising Auto desk Inventor and Solidworks. Previously I have had extensive exposure to ISO certification, New Business startups and Property Development. I have designed and manufactured various items from furniture through to day to day products. I have exhibited my work in Australia in Sydney, Melbourne and Adelaide.

I am available to assist you to achieve your goals. Please email me for quotations and friendly advice barryidesign@gmail.com
