Hi Shapeways fans,

Cubic Hourglasses is a concept by Bram Cohen. The puzzle has four hourglass-shaped pieces, and a three-quarter-circle piece. The object is to get the latter piece from the top to the bottom. The pieces do not only slide like in a sliding block puzzle. They also turn, pivot and skew.

Watch the YouTube video.

Buy the puzzle at my Shapeways Shop.

Read more at the Non-Twisty Puzzles Forum.

Check out the photos below.

Enjoy!

Oskar
