The Lightclip: Batman is a functioning Batman spotlight for the iPhone.

It is also a nice light diffuser that makes the iPhone flash LED really useful as a lantern.

It is a lot brighter than i expected, capable of illuminating a medium sized room. The Batman Logo is projected on the ceiling, very bright and clear.

It is based on an idea we had during a camping trip, which evolved into the two Lightclip: ghosts and the Lightclip: Batman. All 3 designs are available for both the iPhone 4/4S and the iPhone 5 at our store:
