So I'm really excited! I've been working on a Kickstarter so I can get some new tools. I'm almost ready to launch and I thought I would share with you all the first designs i'm doing for the Photo shoot and the Video. I will be ordering them by the end of the week.. I just need Paypal to clear the money transfer. Let me know what you think. The first 6 models are bind runes for specific things. The 4 on the right are the names "Mindy", "Dyane", "Jessica", and "Ratatoskr"

Thanks for looking,

Ray

Weird but cool. If you order one can you get a date with its namesake?

Good question.. I would take that up with who you give the pendant to. And the idea is sorta based on the Egyptian Hieroglyph, but this is geared more towards those who like the Vikings and Norse culture.
