Hi!

I'm currently searching for someone who can make me a file. It's for a dress I designed for my graduate collection.

It's a bit like the skeleton dress by Iris van Herpen , but its not that complicated.

The dress is out of several flourishes.

It should measure ca. 84cm x 57cm x 25cm

Is there anyone who can make me an offer?

It would be great to find somebody who is passionate in helping me to create something impressive and beautiful

thanks

Pia
