Another great design by JEEVI. This Victorian Railways narrow gauge NU van in G scale (1:19) beautifully compliments his VR narrow gauge underframe.
The louvre detail is superb! Just like the pictures.

Roll on the NM (designed but not yet test printed), NQ, NH, NT and NBB designs.

That Argyle NA locomotive you have on order needs at least one of these NUs behind it.

I meant the design pictures, but I'll try and post some of the printed vans.
