Hello everyone,

My name is Dylan Nagel, I recently registered at Shapeways. I'm really impressed with and excited about the service itself and what people have been creating so far.

My background is in Archaeology - I have a Master's Degree in that field of study. However, for the past four years I have been cofounder and manager of <http://www.paladinstudios.com>, we make games, simulations and 3D visualizations. I used to do both 3D modelling and programming, but these days I focus on business development and sales.

I ordered my first model last week, hope it will arrive soon. It's a gargoyle figure I made years ago.

Looking forward to meeting all of you, great to be part of the community now!

Dylan

Welkom

I hope you enjoy your stay

I really do hope your wings will come out correctly, wings are a real pain to get printed...

Cheers

Hi Baroba,

Thanks for the warm welcome, I feel right at home.

Today my figure arrived, check it out:
