It's a bit off topic here on a 3d forum

but I'm looking to hire a graphic design artist & photoshop designer for a couple small projects.

some are mostly typography work

others a creating some custom graphics.

if interested please email me at

orion2185@sbcglobal.net

I MUST see samples of your work.

project will be paid 50% upfront and final 50% upon completion.

I have been burned too many times in the past -when working on a hourly rate. So I am most interested in a 'flat' fee.
or, will consider hourly rate- with contingents
