Hey all,

A first real print and i love it!  
I am used to making virtual things but actually touching it feels amazing.

Here are some shots

Some extra info, the brain itself was sculpted by hand using zbrush  
Please let me know what you all think.

The product link

Best regards,  
viRez

It's a great feeling seeing your design in the physical world. Keep up the good work!

Indeed it is, preparing a new order right now, this time i'll try a textured model and some other stuff

Thanks for the reply Jeff
