hello,

i'm new here and just want to show you my first piece here on shapeways to get some critique.  
it's an pendant - the slogan should be familiar.

That holes looks small , what measure are ? 2 mm ? A standard 3.5 mm is needed for some chains. Check Etsy.com

I like the tessellation on the globe. Question, is the globe solid? you could hollow that out to save some material/cost.

hi, it's hollowed. cuted out one triangle at the back.
