After nearly a decade of trying to scratch-build this plane in 1/72 scale, Shapeways finally allows me to do it!

I used White Detail since I wanted a smoother surface. The Canopy Frame did not come out, though...too small I guess.

I plan on detailing it out with some gear, cockpit, gun tubes, etc. Then I'll paint it.

Can anyone advise me on where to get the Crimson Skies Devastator in 1/72 like this one? And possibly some other aircraft from the game in the same scale? Thanks!
