My wife's favorite coffee machine is not working due to a plastic part being broken. Can't find the part anywhere. Is there someone out there that could print this part? I have all the pieces, so there is a model to work from.
Coffee in the morning, delicious, a happy spouse: priceless.

Where are you From?

And Which Model do you have (look a the Down side of it, there is a Code like HD7810/60 for example), maybe i have some spareparts of this here (I'm working at Service for Consumer Products)

Best Regards

Chris
