Sorry for the bad picture here . This is our first part printed in white. We are very happy with the results and the detail we can achieve here .

http://images30.fotki.com/v470/filemONN/8ec0e/1/1161711/7533586/100_3212.jpg

Cheers

let me be the first to say.....

....what is it?.....

what ever it is, it looks really pritty

No worries Neil

It's a valve cover that would replace the one shown on the 1/8 scale mill ..

http://images49.fotki.com/v1556/photos/1/1161711/7828693/100_2991-vi.jpg

We are headed towards doing complete engines using the 3D printing.

Cheers

tree wrote on Fri, 26 February 2010 19:59working ones?

Not these, but some of the guys do have the talent to pull it off ..

Cheers
