Hi Shapeways fans,

From one side, Floppy 3x3x3 looks like a Rubik's Cube. But it isn't. When you turn the faces of this puzzle, it gets scrambled in quite unexpected ways.

Watch the YouTube video.

Buy the puzzle from my Shapeways Shop.

Check out the photos below.

Enjoy!

WOW...

That is pretty crazy. Not sure how your mind works... but I would never want to mix it up... I would never get it back together.

Thanks for the share!!!!
