Please read these guidelines before advertising yourself in this forum. Messages that don't comply will be removed.

Play nice. Post no more than once per month and don't bump your own posts to be at the top of the list.

Please keep to one thread per modeler. Feel free to reply to any comments on your thread, but wait one month to post if you were the last person to comment. It's always good to show off the work that you worked on since your last post.

Only Shapeways-related work should be offered.

Please use the template below (feedback is always appreciated!)

Note: Please use your own discretion when entering into agreements with other users. Shapeways is not liable for any transactions that take place between users.
