Hi,

I like your designs ! Just out of curiosity: have you already gotten some request for designs?

Hey! You're designs are really great! Have you ever tried outsourcing sites? They could actually help you when you need a job as a freelance. You can register at these freelance sites for free while others will require you to pay a one time fee or monthly fee. I've heard that shapeway already has a freelance site named shapelance. You could actually sign up there.

Other good freelance sites are:

1. oDesk
2. vWorker
3. Freelancer
4. Scriptlance

## 5. Elance
