I feel like I must be missing something really obvious here...but when I go to the "payment" screen, the order form is not in english (dutch, maybe?). Nor can I see any way to switch it. I'd love to place an order but I'm afraid my non-english is a little weak . Thanks for any help,

Jeff

Hi Jeff,

That is odd! I have forwarded it to development to fix this asap!

Best regards,

i found this (am in UK) and found that even the different languages were in the language(dutch?) it was randomly in, so i had to keep picking different languages until the United Kingdom was even visible.

Hi guys,

Development just confirmed that it has been fixed. The order form now defaults to US-English.

Sorry for the inconvenience!

Best regards,

Robert
