About me: I love making models for wargaming, preferably mechanical in nature (robots, tanks, ships, aerospace, etc)  
Expertise: creating models from ideas or sketches, fixing print problems with existing models  
Portfolio: <http://sandmanartistry.com>  
Shop: <http://www.shapeways.com/shops/sandman>

Hi,

Please take a look at the 3D Modeler needed post I made

<http://www.shapeways.com/forum/index.php?t=msg&th=4482&amp;start=0&>

I'm looking for a 3D printed mold to cast a silicone figure

Would like a price to produce mold.

Regards  
Eric

I have put together a small website to help answer questions about process and costs. Updated first post.

For those interested in such things, I was just mentioned in Dream Pod 9's Aurora Magazine Issue 6.2 on my Gear Krieg work. The article is available here:

Hi!

I'm searching for a 3D modeller to do military figures and tanks (but mostly figures) at a reasonable price for sending them later the shapeways to print. Just drop me a line with an answer if you're interested or not. cheers!

I have an AEG G.IV and G.IVk from this shop.

Truly excellent models. Very highly recommended as a designer.

Hi there

I am after a 1/300th scale model of a "Morane Saulnier N" for shapeways to do but don't have the skill myself to do it.

All the best Amos
