Hi Shapeways fans,

Fairly Fudged is based on the same strange geometry as the Fairly Twisted puzzle. In this version, also the pentagonal face can turn. This required a bit of fudging, hence the name of this puzzle.

I made the puzzle as hollow as I could, as Shapeways still charges per printed volume.

Watch the YouTube video.

Buy the puzzle from my Shapeways Shop.

Read more at the Twisty Puzzles Forum.

Check out the photos below.

Enjoy.

Oskar
