congrats, those things are pretty awesome. one of a kind- created on demand- just like 3D printing!

I've got #2 due here in about 5 weeks. they actually take longer then shapeways to get created and delivered

Thanks all

Even with all the lack of sleep and sometimes powerful noises and smells, it's the most rewarding project I have ever been involved with

Good luck to all who still have theirs underway!

Cheers,

Stijn

Thanks all, still a blast

@Lensman: I hope so! I had half expected that in our lifetime  
But let's hope it stays at that and not: "One human baby. Male, brown hair, green eyes"
