Hi Shapeways fans,

Jack's Cube was suggested by Jack via YouTube. The design was inspired on the Magic Sphere puzzle. Jack's Cube has three types of moves. First there are the conventional Rubik's turns. Secondly, a circle of nine pieces can turn in steps of 90 degrees. Finally, a great circle of 12 pieces can turn in steps of 30 degrees.

Watch the YouTube video.
Buy the puzzle at my Shapeways Shop.

Enjoy!

Hey Oskar!

I believe this is one of the puzzles I got to play around with during your trip to NY. An awesome mind bender.
