Hi Shapeways fans,

Polo Slide is a puzzle invented by Alex Polonsky. After seeing his prototype, I asked whether I could build my own prototype. Alex' puzzle combines a 2x2x2 twisty puzzle with sliding. Each of the 7 sliders can be put over any of the 8 cylindrical 2x2x2 corners.

Watch the YouTube video.

Buy the puzzle at my Shapeways Shop.

Enjoy!

Hey Oskar, very cool!

It seems you've gotten this puzzle to turn more smoothly too.
