Hi Shapeways fans,

Bubble Block was inspired by ideas from Anthony "Bubbles" Villaveiran and Carl Hoff, posted at the Twisty Puzzles Forum. Four of the corners of this puzzle can turn, taking the other pieces with them. The puzzle has a quite unusual geometry. It jumbles, it is fudged and is is "boublezized".

Watch the YouTube video.

Buy the puzzle at my Shapeways Shop.

Enjoy!

I *love* this design, Oskar.

The shape is really nuts. Well done.
