Dear friends,

As you see, I'm a new user of shapeways and I'm not so clever with forums...

I'd just like to know if anyone can help me, giving me any information or suggestions to sell my products, or better, to let customers find them.

Moreover, should anyone tell me if there is really the possibility of good affairs?

In a few days will be available my new serie special for Christmas.

Please visit my site.

Bye
