Hi,

I just joined the site and posted my first model for sale:

Chi-Rho Symbol Pendant

I ordered it and I am looking forward to seeing it!

Welcome, where are you from, what are your design interests, what software do you use, the whole 9 yards .

Edited my Monday Morning typo

I am from Kassel, Germany.

My design interests are jewelry, art and procedural geometry.

I have experience with 3D modeling but I have never made a 'real' product so far. This is my first attempt.

I use 3ds Max and sometimes self-written programs.
