Hello shapeways,

I was hoping you would look at the following two designs and perhaps feature them on the holiday WiReD store.

The photos on each are really good and I have originals at 4000x3000 resolutions if you need larger.

Deathly Hallows Dice - The blue background Stainless Steel photo and the red background BSF painted set.

Steampunk Dice - These seem to be a hit, the Antique Bronze Glossy set with red background.

I've also posted fliers I created around my buildings at work (Microsoft) and seem to be sending alot of coworkers your way! Check it out here.

Please let me know if you need anything else!

~Seth

Hey Seth!

Wired actually isn't taking any more submissions but we'll be doing a lot over the next few weeks to drive traffic and show off designs via all sorts of channels (FB, our blog, tumblr, etc.).

Those are great photos, and there's a good chance your dice will be getting some love in the next few weeks. Thanks for sharing them.

- Ana

Hello Ana,

Did I miss the submission deadline? It seems like it was only announced yesterday.

Thank you for giving them some love!
