Hi, my name is Earnst Brinkhuis.

I'm from a little town called Raalte in the Netherlands. And I'm studying Industrial product design at Windesheim in Zwolle. (second year)

I've already made a few projects with shapeweays. Like repairing my own cameralense.

3D lens repair by someonefromholland, on Flickr

and designing my personal hotshoe cover.

3D printed hotshoe fill by someonefromholland, on Flickr

currently I'm working on a few small things to sell. (havent got anything for sale right now, but I'm going to)

cheers!

Hey Earnst,

Sweet project!

I remember you joined us for the last Shapeweays Live. Looking forward to seeing you around.
